**Province Challenge:** all participants will be divided into Costa Rica's 7 provinces, each province is one team and each province is assigned a topic related to the conference's subthemes. The topic will be a real strength that the province has in real life. Teams will seek to win points in order to win. The province challenges, which will be related to each province's topic, will grant the most points. Teams will also win points in GeoGuessr, Virtual Pictionary, SDG Quiz,
